A Message from Gloria King

How well we remember the days of being in the classroom with our students! There were many joys and just as many challenges. The people we taught with were our friends. We shared our lives with them. Come to our PREA meetings and see people you taught with and develop new friendships. We have a lot in common with each other. We laugh, learn, share good food, and work to protect our pension and health benefits.

Please Be a Part of Our PREA Year.

Our first four meetings will be at the First Baptist Church in Dallas.
